

**Lieutenant Governor's
State Waiver Form
Waiver: W-001**

Office on Aging

By signing the Lieutenant Governor's Office on Aging's (LGOA's) State Waiver Form, the
Trident

Planning and Service Area

has determined that there is a need within its planning and service area to waive an existing LGOA policy and procedure to better serve the needs of its region.

Older Americans Act (OAA) Section 305(a)(1)(C) authorizes the LGOA to set policies to deliver aging services in South Carolina and states that the LGOA "be primarily responsible for the planning, policy development, administration, coordination, priority setting, and evaluation of all State activities related to the objectives of this Act." The OAA and the South Carolina Code of Laws are the foundation of the aging service delivery system across the State.

In accordance with the OAA, the LGOA has established written policies and procedures to administer aging services and programs in South Carolina. The procedural protocols set by the LGOA to deliver aging services are based on Federal and State Law. However, the LGOA acknowledges that the Planning and Service Area (PSA) could determine that there may be an extenuating circumstance regionally which results in a PSA generating a waiver.

State Waivers, which allow the PSA to operate outside the written policies and procedures of the LGOA, will not be accepted if it is determined that the waiver conflicts with the OAA or South Carolina law. A State Waiver is for up to a one-year period, terminating on June 30th. The LGOA reserves the right to invalidate waivers that amend its policies and procedures at any time.

The PSA and its Executive Director assume all legal responsibility and liability for the procedural and operational practices associated with this waiver, and will be held accountable for any consequences that might result from this waiver being enacted. The multiple parties associated with the State Waiver are required to follow all established LGOA policies and procedures for data collection in order to accurately track and record client data. The PSA will be responsible for fulfilling all other areas of LGOA policies and procedures operations not covered by this waiver.

The LGOA will not reimburse the PSA for unearned funding: Performance outcome requirements set through contractual agreements in the planning and service area are the legal responsibility of the PSA. The PSA is responsible for ensuring that its service providers/contractors earn their funding in accordance to the OAA and LGOA policies and procedures. If it is determined that funding is not being earned, or that data is not being accurately tracked, the PSA will be expected to execute a thorough review of the service provider's/contractor's operations which could result in a thirty (30) day Corrective Action Plan to bring the multiple parties into OAA and LGOA compliance.

What type of waiver is being requested? Please specify what action plans and protocol steps the PSA has taken to assist the Service/Provider Contractor to comply with the requirements of the OAA, AoA and LGOA and the duration of the assistance given.
Chapter 500 Service Eligibility Checklist - A. Nutrition Service Data Input: "All AAAs/ADRCs and Nutrition Service Data Input: "All AAAs/ADRCs and Nutrition Service providers/contractors shall accurately input required client data into the Advanced Information Manager (AIM) client data collection system within one (1) week of the meal being served and as requested by the terms, conditions, policies, procedures and specifications of Title III-C of the OAA.

Please state what specific challenges the PSA and Service Provider/Contractor encountered and why they were unable to successfully perform the requirements of the PSA, AoA, OAA and LGOA which necessitated the need for this waiver.	
Challenges	Reason Unable Perform the Requirement
The current staff capacity will not allow for weekly data entry without additional costs regionwide.	Contractors propose to use as much funding as possible for actual services and not administration.

What do you anticipate the positive results or benefits of the waiver will be if granted?
We anticipate better use of staff time at both the PSA level and the contractor level. Data would thoroughly be reviewed once per month by the PSA Director and Finance Manager.

What do you anticipate the negative consequences of not granting the waiver will be?
Trident AAA/ADRC does not anticipate any negative consequences as a result of this request.

How will you determine if this waiver will lead to service or programmatic improvements?

If there are data entry issues or if the contractors fail to enter data or submit reports in accordance with the Contract, Trident AAA/ADRC will request that the waiver be terminated.

What steps will the PSA take to ensure that the Provider/Contractor adheres to the contracts signed with the PSA to provide services, functions, and activities required for OAA and LGOA funding, in addition to this waiver?

According to regional contracts, all monthly AIM service data must be entered and reports will be due to the PSA no later than the 5th working day of the month. All contractors have agreed to submit data and reports on time.
